

# *A Tradition Since 1915*

# *Petoskey-Bay View Country Club*

The club was founded in 1915 by a group of local businessmen wanting to enjoy the pleasures of golf and friendships. Today our goal remains a relaxing getaway nestled among wooded hills with glimpses of Little Traverse Bay. The private club offers outstanding golf, and the staff provides an elegant yet relaxed atmosphere for dining and entertaining.

Our club offers a beautiful 18-hole golf course, a fully stocked golf shop, and full-time professional staff. In 2018, the clubhouse received an extensive remodel and while the charm remains, space is now better suited to serve our members and guests.
